Want to learn more before registering?

Join a virtual info session about the
program

April 10th, 10-11 AM

Learn how to ace technical interviewing
and get a preview of real-world challenges
in industry.

- Communicate **technical concepts and approaches**, and solve challenging algorithmic problems commonly used in interviews for **top companies**.
- Get **interview practice, industry mentors**, and advanced info sessions from senior engineers.

The Career Center is excited to offer this program as a pilot for Mines students this summer.

COLORADO SCHOOL OF
MINES
Career Center

The Mines Career Centers are committed to making events accessible to everyone. If you require an accommodation or service to fully participate, please email careercenter@mines.edu.
