

HOW TO PREPARE FOR AI'S IMPACT ON
BUSINESS, ENTRY-LEVEL JOBS, & STUDENT
SKILLS NEEDED IN A CHANGING WORLD

AI IN BUSINESS: INDUSTRY PANEL & NETWORKING EVENT

Thursday, October 15, 5 - 7 PM
Berthoud Hall | Room 241

About the Event:

Hosted by the Mines Economics and Business Department and Career Center, hear from industry professionals about how AI is transforming business, the workplace, and industry practices. Explore how AI is influencing entry-level job roles and titles, the skills employers are seeking, and what these changes mean for the future workforce. Gain insights into emerging trends and opportunities, followed by time to connect and network with industry representatives.

Catering from Chik-fil-A will be provided!
